Dear Mr. Poppe,

o Poppe, Nicholas

I have received the first chapter of your "Soviet Policy in China" and I find it very interesting. Thank you very much for sending it. After studying it more thoroughly, I shall give you my impressions of it.

With regard to your sons, you may be assured that I am doing everything possible to expedite their coming to the United States. I shall let you know immediately when something positive develops in their case.

My best wishes for the holiday season and for a successful New Year.

Sincerely yours,

Mr. Nicholas Poppe
